BAND WAGON MEN.

They Are So Numerous That Parker's Nomination is Predicted on Second Ballot.

CONSERVATIVE FORCES CONTROL.

It is Thought They Will Select the Nominee's Running Mate and Dominate the Platform.

The Opposition Is Now Confessedly in the Minority and Seemingly Too Unorganized to Present a Fighting Front.

St. Louis, July 6.—On the eve of the democratic national convention, in which the struggle for the nomination for president has been a free contest, the prospect is that Judge Alton B. Parker, of New York, candidate of the conservative forces, will win handily, the radical field coming in a poor second.

Not only does it appear that the control of the nomination for first place on the ticket will be in the hands of those democrats who were in the minority in 1896 and in 1900, but that they will select the nominee's running mate and dominate the platform on which the race will be made.

In defiance of such handicaps as were created by the ambitious friends of Gorman, Cleveland, Gray, Olney, McClellan and favorite sons who had followings that divided the conservative columns, this element which advanced the claims of democratic rehabilitation struggled against the combined opposition of Bryan, representing the ruling democratic force in the last two presidential contests and the personal campaign conducted by William Randolph Hearst.

Parker Forces Gain Accessions.

Throughout the week the Parker forces received material accessions, one candidate after another who threatened to sap the strength of the conservatives being eliminated, until the opposition is now confessedly in the minority and seemingly too unorganized to present a fighting front. The band wagon seats are in such demand that a nomination is confidently predicted on the second ballot and the surprise would be small if the first was decisive.

Though the result of the contest for the presidential nomination seems to be as good as settled, that spirit which moves factions to war against each other has not been so far removed that the convention will be lacking in enthusiasm or interest. The changed positions of those who are in power now and those who controlled four and eight years ago is attracting wide attention from delegates and persons who are assembled as spectators.

FAVORITE SON CAMPAIGN.

Tammany Still Pursues Its Fight in Attempting to Foster It.

William J. Bryan was believed to be with Hearst before the contest opened here, and after Parker's strength was shown he suggested that the Pennsylvania delegation should put former Gov. Pattison in nomination, but that failing to find favor he proposed Judson Harmon, of Ohio. The Ohio delegation, though loyal to Harmon, looked upon the plan with some suspicion and this idea fell upon barren soil.

Tammany pursued its fight in attempting to foster the favorite son campaign and Tuesday night were claiming 400 votes pledged against Parker. This number is more than the one-third which would prevent a nomination. The Parker forces displayed no alarm at the report that votes were uniting in opposition to the New York candidate. Mr. Bryan assumed that Mr. Parker had made no substantial gains and that the opposition was becoming better crystallized.

There are many prominent politicians participating in the convention who were compelled to submit to the will of Mr. Bryan in the last two conventions who are taking unaffected satisfaction in the fact that to-day they are able to dictate terms. David B. Hill, of New York; Ben F. Cable and John P. Hopkins, of Illinois; former Senator Smith, of New Jersey; Patrick A. Collins, of Massachusetts; Hoke Smith, of Georgia, and Bourke Cockran, of New York, are among these. On the other hand, there are many persons taking minor parts in the proceedings for no other reason than that they held too much power in 1896 and 1900. Many of those who stood by Bryan then are not with him now. Some have returned to the conservatives and others are watching in silence the working out of the party program.

The making of the party platform will be one of the most interesting of the contests. It is certain that many persons disappointed in their inability

to exercise their share of authority in ticket-making will take up the platform discussion and advance ideas as widely diverging as those presented in the dozens of state convention platforms offered for the consideration of the national convention. The New York delegation is active in the platform question and the Bryan forces are equally alert. While it is unlikely any effort will be made to reaffirm the Kansas City and Chicago money planks, it is deemed improbable that an attempt will be made to declare for the gold standard. Therefore both factions have their ideas as to what the harmonizing plank should be.

But Little Platform Talk.

Around the hotel lobbies there is little platform talk, yet the leaders have never ceased to give it their attention. But it is the spectacular that the masses like. The making of presidential candidates is their role, while platforms are left to the men of letters. Likewise the nomination for vice president has not been taken up seriously. It has been talked in the lobbies but no expression has been received from the real leaders and until some indication comes from that quarter the talk will not enter for long on any possibility. It appears to make no difference to the hotel lobby ticket-maker that many of the persons suggested have eliminated themselves from discussion.

THE OHIO DELEGATION.

John R. McLean Selected as National Committeeman.

St. Louis, July 6.—At a caucus lasting several hours, the Ohio delegation Tuesday night adopted a resolution declaring the delegates should vote their voluntary preferences for candidates for president. A majority expressed themselves for Judge Parker, and since Ohio is under the unit rule this action is believed to presage the action of the delegation in the convention. It was agreed, however, that the action of Tuesday night's meeting should not be binding. It is understood Judson Harmon's name was withdrawn at his request, telegraphed to a close friend on the delegation.

John R. McLean was elected national committeeman, Tom Johnson alone opposing the motion that the election be made unanimous. W. D. Yaple was elected member of the credentials committee and John A. McMahon was elected over Tom Johnson as member of the resolutions committee.

Considerable feeling was manifested in the delegation at the action of the Parker men in withdrawing the name of Judson Harmon. It was claimed that earlier in the day 40 out of 46 of the delegates had been pledged to vote for Harmon for the presidency, and Hearst and McClellan men and all the factions opposed to Parker were urged to concentrate on Ohio's favorite son.

THE POPULIST CONVENTION.

Thos. W. E. Watson For President and Thos. H. Tibbles For Vice President.

Springfield, Ill., July 6.—Thomas W. E. Watson, of Georgia, for president and Thomas H. Tibbles, of Nebraska, for vice president was the ticket nominated by acclamation Tuesday by the populist national convention. The names of William V. Allen, of Nebraska, and of Samuel W. Williams, of Indiana, were placed before the convention for president, but before the list of states had been completed in the roll call their names were withdrawn, and Watson was nominated by acclamation.

Former Senator Allen made good his word that he would not enter into any scramble for the nomination; and while the nominations were making he twice instructed the chairman of the Nebraska delegation to say that his name must not go before the convention. But, in the face of this, Allen received more than 400 votes, and many believe he would have been nominated had he given his consent to be a candidate.

Williams, of Indiana, who worked harder for the nomination, and who made more claims than any one else, made a poor showing, and, when his own state was called, 11 of the 24 delegates refused to support him, voting for Allen. He soon withdrew in favor of Watson and moved to make the nomination of Watson unanimous.

There were five nominations for vice president, Thomas H. Tibbles, Nebraska; Theo. B. Rynder, Pennsylvania; R. L. Wenner, Colorado; George F. Washburn, Massachusetts, and Samuel W. Williams, Indiana. The two latter declined and Tibbles received nearly all the votes on the first ballot and was nominated by acclamation.

A. J. Mallett, of Texas, was chosen permanent chairman. The committee on credentials wrangled many hours on the question as to whether one man should be permitted to cast the vote of an entire state, when a state had only one delegate in the convention, and being unable to agree, it was referred to the convention where it was wrestled with until past the noon

hour. The delegates favoring a full vote carried the day.

The platform adopted is a reaffirmation of the Omaha platform of 1902. It was adopted as reported by the committee.

After the convention adjourned a meeting of the national committee was held and James H. Ferris, of Joliet, Ill., was elected chairman and Charles Q. DeFrance, of Lincoln, Neb., secretary.

The committee also appointed members of the national committee for those states that were not represented at the convention as follows: Kentucky, Jo A. Parker, A. H. Cardin and Joe O. Bradburn, New Jersey, J. A. Edgerton, Michigan, Mrs. Marian Todd, James E. MacBride, E. J. Payne, Massachusetts, George F. Washburn, E. Gerry Brown, P. P. Field, New Hampshire, D. B. Currier, Maine, L. W. Smith.

CANDIDATE SWALLOW.

It is Positively Denied That He Will Decline the Nomination.

Chicago, July 6.—Oliver W. Stewart, chairman of the prohibition national committee, made a statement Tuesday night positively denying that Dr. Silas C. Swallow had declined the prohibition nomination for president. He was equally positive in denying the rumor that the party managers had re-engaged Tomlinson hall at Indianapolis and that the delegates to the national convention were to be reassembled. Mr. Stewart in his statement says:

"Dr. Swallow has not declined and will not decline. It is absolutely certain at this time that he will accept our nomination. I have not engaged Tomlinson hall for anything whatever in the future. Since there is no vacancy on our ticket and not likely to be one, there is no room for the nomination of Gen. Miles."

RUSSIAN RECONNOISSANCE.

Fourteen Officers Wounded, 273 Men Killed and 101 Prisoners Taken.

Liao Yang, July 6.—The latest reports of the Russian casualties in the reconnaissance made by Lieut. Gen. Count Keller between Maotien and Fenshui passes on July 4, to ascertain the Japanese column's advance force moving on Liao Yang show that 14 officers were wounded, 273 men killed and 101 prisoners taken.

It is persistently reported that a large section of the Japanese southern army has moved to the eastward notwithstanding the rain with the object of cutting its way through the Russian left during the absence of Gen. Kuropatkin at Tatchekiao.

Was Charged With Attempted Assault Upon a Woman and Child.

Charleston, S. C., July 6.—John Taylor, Negro laborer on a Seaboard Air Line work train, was taken from the train at Middendorff, a station 20 miles south of Cheraw, by a mob of over 25 men. He was carried about half a mile away, where he was to be shot, but broke from his captors and ran 300 yards and there he was literally shot to pieces by the mob. Monday Taylor attempted an assault upon a 9-year-old child of Erwin Donehew and later upon the wife of Noel C. Johnson, both of prominent white families of Chesterfield.

The last two named were paroled on recommendation of the prison physician, who stated they were consumptives.

KILLED HIS FATHER.

He Claimed He Had Treated His Mother Badly.

Hopkinsville, Ky., July 6.—Mack Hern, 28, of Paducah, killed his father, James Hern, 60, a barkkeeper, who had been divorced and married again. The son took his mother's part. Earlier in the day they quarreled, and blows were exchanged. At night young Hern walked into the saloon and, exclaiming, "Papa, you treated me bad," fired a ball from a pistol into the father's abdomen. "I'd kill two fathers if they talked about my mother," is the explanation of his crime.

MORE SURVIVORS.

Seventeen People From Wrecked Steamer Norge Arrived at Aberdeen, Scotland.

THIS LEAVES 627 STILL MISSING.

They Drifted in a Small Boat at the Mercy of the Atlantic Ocean For Six Days.

Those Rescued Had Eked Out An Existence on Two Biscuits a Day, With Scarcely Any Fresh Water in Their Boat.

Aberdeen, Scotland, July 6.—Another boat containing 17 survivors of the Danish steamer Norge, which foundered off Rockall reef, 290 miles from the Scottish mainland on June 28, were landed at Aberdeen, Scotland, Tuesday night by the steam trawler Largo Bay.

Six hundred and twenty-seven persons are still missing.

The contingent now being cared for at Aberdeen consists of 12 passengers, the third mate of the Norge, the quartermaster, a steward, a lamp trimmer and one of the crew.

They drifted at the mercy of the Atlantic for six days. When both water and food were gone and when the occupants were almost too exhausted even to hope, the trawler hove in sight. This was on July 4 when the boat was about 30 miles off St. Kilda.

Those rescued had eked out an existence on two biscuits a day. When they started from the Norge there was only one small cask of fresh water in the boat. Before the Largo Bay fell in with them this and the biscuits had been finished and the pangs of hunger had set in. They weathered a gale and continued as best they might, striving to reach the coast of Scotland against the heavy seas. From strips of lifeboats they constructed a crude sail. The men had scarcely enough strength to hold the oars. When the survivors were dragged on board the trader the fishermen were obliged forcibly to prevent them from eating and drinking too much.

Many of those rescued have severe wounds sustained in jumping from the decks of the sinking ship. The legs and arms of others are swollen from exposure and from the salt water.

On their arrival at Aberdeen the survivors were taken to the sailors' home. The third mate says that three other boats started with that rescued by the Largo Bay. One of those contained 32 persons, including several women and children. Another boat had 15 men with the second mate in charge. The third boat had ten men on board. The survivors parted company with the three boats on July 3.

For these boats the British gunboat Leda, the government fishing cutter Jackall, a steamer chartered by the Danish consul at Glasgow, and several other vessels are diligently searching.

Petersburg, Ill., July 6.—An accommodation passenger train on the Chicago, Peoria & St. Louis railroad, was blown from the track at Oakland, Ill., 12 miles north of Petersburg, Tuesday evening and Thomas Willey, baggage-man, was killed and a number of passengers injured.

ACCIDENT TO MRS. MCQUILKIN.

Former Resident of Aberdeen Can't Tell
How She Got Hurt—Neighbor Found
Home Wide-Open Late at
Night.

(Cincinnati Commercial Tribune.)

Mrs. Sarah McQuilkin, seventy-two, a resident of Elmwood Place, is a patient in Christ Hospital, suffering from injuries which she cannot explain. She was found unconscious in a weed patch near her home Sunday night, suffering from a badly fractured hip. Her home, of which she was the only occupant Sunday night, was found wide-open by a passing neighbor, who, astonished, made an investigation, when he found the woman outside, under the window of her room.

Mrs. McQuilkin lives with her daughter, Mrs. Clark, who, with her husband, left Sunday to spend the Fourth in Aberdeen, leaving Mrs. McQuilkin in charge of the house. A neighbor, F. Kneubin, who was going to the car to meet his family Sunday night, was surprised to see the house open. He entered, but could find no one about, although he could hear a faint calling.

Investigating further, he found the aged woman unconscious in the weeds under her window.

Mrs. McQuilkin says she locked the house before retiring, and she remembers nothing about her fall from the window.

Breakfast food and strawberries.—Calhoun's.

Rev. R. E. Moss will conduct prayer meeting at Christian Church to-night at 7:30.

The will of Joseph Robinson was admitted to record Tuesday. W. W. Ball qualified as executor. Deceased bequeathed \$500 to his son Walker of Cincinnati and his house and lot on Second street and the rest of his estate to his daughter, Mrs. Frank Brady.

The many friends of Mr. Charley Best will be pleased to know that he is now a midshipman of the fourth class in the Naval Academy at Annapolis, he having passed all required examinations during the last week. The fact that more than fifty per cent. of the applicants were not able to pass the physical examination alone, shows how persistent the government is in looking after the best and soundest of our young men in officering the new navy. We congratulate not only Mr. Best in his new role but also his relatives. May the young man graduate with high honors four years from now and rise to a high command in the service of the flag.

The total number of acres of land assessed for taxation in Kentucky this year is 24,928,092. The assessed valuation of it was \$266,596,679. The total equalized value of farm land is \$271,443,498. The equalized value of town lots is \$214,338,407. The total assessed value of personal property not subject to equalization is \$68,829,446. The total equalized value of personal property subject to equalization is \$82,127,854. The total acreage of tobacco last year was 920,107, on which was raised 185,744,885 pounds of tobacco. The total acreage of corn was 1,897,062, on which was raised 39,598,402 bushels of corn. The total acreage of wheat was 602,523, on which was raised 5,785,603 bushels of wheat.

J. C. Milam, the noted trainer has shipped from Lexington to the track at St. Louis six two-year-olds, which he will race there this summer. Milam, in seven days at St. Louis with five horses, has won nine races and finished second five times.

Walter Crutchaville, colored, died last night at the home of his aunt Delia Carlisle on West Third street, aged six years, of dropsy. Burial Thursday in Maysville Cemetery. This is the third member of the family to die within the past year.

Henry, the five-year-old son of Mrs. Wm. Haines of West Second street, has been in poor health for over a year. Recently Dr. Brand was called in to prescribe for the child, and since then has succeeded in relieving the little fellow of a tape worm that was nearly thirty feet in length.

Mr. John Richardson, who is farming near Mayslick, raised about eighty acres of wheat this year from which he expects to harvest about 1,000 bushels. In the spring, he thought he would be lucky to get enough to provide him with bread for a year. Under the favorable season, it improved wonderfully.

The Christian Church is planning for a protracted meeting. It is hoped to secure President Jenkins of Kentucky University to assist. If his engagements prevent his coming, then Rev. I. J. Spencer of Lexington will probably be secured. An effort will be made also to secure Mrs. Princess Long to assist in the song service.

The first of the series of union services this summer will be held at the Christian Church Sunday evening, July 17th. The sermon will be by Dr. Molloy of the Central Presbyterian Church. All the churches have not yet agreed to enter into these services, and the probability is that the union meetings will be abandoned after this year.

The Ledger was in error last Saturday in stating that Homer W. Carpenter took part in the Chautauqua oratorical contest Friday evening. George Posey was Kentucky University's representative. The Ledger was also in error in stating that Rev. R. E. Moss won this contest three years ago. Mr. Moss never appeared in the Chautauqua contest.

CHOKING CATARRH CURED.

Your Money Back if Hyomei Does Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

It is the easiest thing in the world to stop catarrh at its beginning if you use Hyomei. Just breathe the health-giving, balsamic air for a few minutes and your catarrh will be cured. In the worst cases of this disease, chronic or acute, Hyomei used four or five times a day is all that is needed to soon effect a cure.

In this city and neighboring towns, there are hundreds who can testify to the remarkable powers of Hyomei to cure catarrh. Many of the staunchest friends of this remedy to-day began its use with little hope that they would be cured, but as J. J. Wood & Son offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health.
